Bottomless Boozy Brunches Are Ruining New York

By Jessica Roy

One Flatiron resident is fed up with the boozy brunch crowd that stumbles out of **Pranna** each weekend, a restaurant-bar that "seduces guests with a sexy atmosphere and beautiful surroundings" and also never-ending mimosas.

The YouTube user, who goes by the moniker ProblematicPranna and is the same person who brought us **the "half of fucking Manhattan" asshole**, has taken to recording and splicing together video of the bad behavior of Pranna's other drunk attendees. There's a girl who accidentally flashes her underwear to all of 28th Street, the yuppie wearing highlighter-yellow slacks who gets into a tiff with his friend, and the guy walking around with his pants unbuttoned for no reason. It's like Welcome Week at NYU all over again!
